

2

A close-up photograph of a piece of aged, yellowish paper. The paper has several red ink markings, including a large, stylized character that appears to be '水' (water) and some smaller, less distinct marks. There are also two small, light-colored circular marks, possibly from a hole punch or a stamp. A prominent dark green circular stamp is visible in the lower left corner. The paper shows signs of wear, including creases and discoloration.
